

# Titebond® Adhesives

## Titebond® Glues and Sealants

We are stuck on selling only the best!

Every woodworker knows that screws alone will not be sufficient for a long-lasting joint bond. With that in mind, we are proud to offer a complete line of Titebond glues and sealants for all your needs. Whether you are joining fine furniture, hanging drywall, laying sub-flooring, installing crown molding and baseboards or sealing your window and doorjamb for cold weather, you won't get stuck on a project if you use Titebond glues and sealants.

### Titebond Cold Press

Titebond Cold Press glues are especially formulated for adhering High-Pressure Laminates (HPL) and veneers to solid wood, particleboard, MDF, plywood and other porous materials. They offer a moderate speed of set time and a translucent glue line.

Part #	Description	Price \$
158232	Titebond Cold Press HPL	91.10
158233	Titebond Cold Press Veneer Quart	9.80
158234	Titebond Cold Press Veneer Gallon	25.75

### Titebond Premium

#### Premium Glue

Titebond II Premium Wood Glue is specially made for exterior applications. Because of this, it can be applied at lower temperatures and has a longer set time, but once set you're good to go!

Part #	Description	Price \$
158213	Titebond II Premium Glue 4 oz	3.00
158214	Titebond II Premium Glue 8 oz	4.65
158215	Titebond II Premium Glue 16 oz	6.95
158216	Titebond II Premium Glue Quart	9.60
158217	Titebond II Premium Glue Gallon	22.60

### Titebond Instant

#### Instant Glue

Sets up in seconds! The thin adhesive works great for repairing hair-line cracks and veneer edges. The medium glue can be used to fill knots and voids in wood as well as seal end grain.

The thick glue bonds miter joints on MDF and other porous woods, rubber, PVC and granite. The gel is ideal for gluing odd-shaped parts. The Instant Bond Activator facilitates curing and works especially well when filling voids, gluing porous woods and in low-humidity conditions. Instant Bond Activator is flammable – store in a cool, dry place away from flames. Keep out of the reach of children.

Part #	Description	Price \$	Part #	Description	Price \$
158438	2 oz Thin	10.65	158444	2 oz Thick	10.65
158439	4 oz Thin	20.20	158445	4 oz Thick	20.20
158441	2 oz Med	10.65	158447	2 oz Gel	13.85
158442	4 oz Med	20.20	158448	4 oz Gel	24.50
158450	2 oz Activator	8.50	158451	8 oz Activator	12.75

### Titebond Dark Wood

Are you working with dark wood and don't want your glue line to show? Then the Titebond Dark Wood Glue is for you! This is a dyed version of the Titebond II Wood Glue. It develops a bond stronger than wood, dries quickly to reduce clamping time and provides a strong initial tack. The Dark Wood Glue can be used on wood, hardboard, particleboard, leather, cloth and most porous materials. Like most of the Titebond products, it is nontoxic and cleans up with water.

Part #	Description	Price \$
158242	Titebond Dark Wood Glue 8 oz	5.35
158243	Titebond Dark Wood Glue 16 oz	6.40
158244	Titebond Dark Wood Glue Gallon	27.10

### Titebond Melamine

The Melamine Wood Glue works best in joining porous substrates like particleboard and MDF to melamine, vinyl, HPL and metals. It's as thick as molasses so there is less dripping and running, but like molasses, it gets tacky quickly. However, it allows you plenty of time to "fine tune" your alignment before it sets. Melamine Glue is non-flammable, low odor and dries clear. It is water based so cleanup is easy.

Part #	Description	Price \$
158237	Titebond Melamine Glue 16 oz	6.00
158238	Titebond Melamine Glue Gallon	28.00

### Titebond Ultimate

#### Ultimate Glue

The Ultimate Wood Glue is ideal for exterior and interior applications. Since it's nontoxic, it has been approved by the FDA for indirect food contact. It is solvent-free and cleans up with water.

Part #	Description	Price \$
158208	Titebond III Ultimate Glue 4 oz	4.65
158209	Titebond III Ultimate Glue 8 oz	5.90
158210	Titebond III Ultimate Glue 16 oz	9.85
158211	Titebond III Ultimate Glue Quart	16.05
158212	Titebond III Ultimate Glue Gallon	37.55

### Titebond Polyurethane

It's no longer, "hurry up and wait," it's more like, "slow down and then get going" with this unique Polyurethane Glue. A technology breakthrough in this glue gives you up to 20 minutes to get everything in place, yet sets up in as little as 45 minutes. It's versatile in applications covering metals, plastics, ceramics, Corian® and both porous and nonporous stone and ACQ treated lumber. For outdoor use.

Part #	Description	Price \$
158227	Titebond Polyurethane 4 oz	5.85
158228	Titebond Polyurethane 8 oz	8.55
158229	Titebond Polyurethane 12 oz	11.70

### Titebond Original

#### Original Glue

The industry standard for woodworking is the Original Wood Glue. Its rapid tack and set times are ideal for shorter clamping time. Professional results are obtained. Plus, it can be sanded. Original Wood Glue may be used with wood, hardboard, particleboard, leather, cloth and most porous materials. It is nontoxic and cleans up with water. For interior use.

Part #	Description	Price \$
158220	Titebond Original 4 oz	2.45
158221	Titebond Original 8 oz	3.95
158222	Titebond Original 16 oz	5.60
158223	Titebond Original Quart	9.55
158224	Titebond Original Gallon	20.15

### Titebond Extend

#### Extend Glue

The Titebond II Extend Glue is ideal for exterior uses that need longer set times for complex assemblies. It is compatible with Hot Press and Radio Frequency (R-F) gluing systems. It dries to a translucent glue line, has excellent sanding ability and is unaffected by finishes.

Part #	Description	Price \$
158218	Titebond II Extend 16 oz	7.50
158219	Titebond II Extend Gallon	28.45

### Titebond White

#### White Glue

Remember the white glue you used to have around the house for the kids' projects? Well, this is the "super" glue of White Glues! Titebond White Glue is exceptionally strong and sets faster than most other glues to reduce clamping time. This is good, general-purpose glue for woodworking and other household applications. It dries to a translucent glue line, is easily sanded and is unaffected by finishes. Cleans up with water and is nontoxic.

Part #	Description	Price \$
158235	Titebond White Glue Gallon	22.20
158236	Titebond White Glue 5 Gallon	105.95

### Titebond Liquid

#### Liquid Hide

Professional woodworkers have come to appreciate the properties of Liquid Hide Glue. It provides long assembly time so that you can get the pieces put together just right! The bond is exceptionally strong, yet its sensitivity to moisture allows for easy disassembly as well. Liquid Hide Glue provides superior creep-resistance, excellent sanding ability and is unaffected by finishes. It's ready to use – no mixing, heating or stirring is needed.

Part #	Description	Price \$
158239	Titebond Liquid Hide 4 oz	3.95
158240	Titebond Liquid Hide 8 oz	7.05
158241	Titebond Liquid Hide 16 oz	11.45
